

## Rotary Club of Drone Valley

The Dronfield based Rotary Club of Drone Valley has a stimulating and enjoyable programme of meetings and fund raising events underway for 2012.

The meeting programme has an interesting selection of talks around the Global Village theme as well as social events, visits and business meetings to discuss our fund raising activities designed to help people in our local community and overseas. Important among these will be our "DARE into Dronfield" project where the club plans to fund the delivery of Drug Awareness Resistance Education to all year 6 pupils in the Dronfield area before they go on to Secondary education.

The events programme includes a Jazz Lunch and taking part in the Ramshaw Lodge Jubilee Weekend plus other items still at the planning stage.

The club is also running the Junior Community Award scheme for local children in their final year at junior school which is now in its sixth year.

All this is likely to keep the present members very busy and help is always needed. Anyone interested is always welcome to attend one of our meetings as a visitor.

The club is part of the Rotary International worldwide service organisation with 1.5 million members in 170 countries.

The Rotary Club of Drone Valley meets every Monday night at the Talbot Arms Public house, Stubble Lane, Dronfield Woodhouse. If you would like to attend a meeting telephone: 0744 076 5053 or see the club website [www.dronvalleyrotary.org.uk](http://www.dronvalleyrotary.org.uk) for further information.
