

Rotary help with Christmas Child

Dronfield's Drone Valley Rotary Club members were busy again last Saturday packing shoe boxes for Operation Christmas Child.

Over 680 boxes were packed during the day using gifts that have been donated by Schools, Churches and local families. The boxes made up for boys and girls of different ages will be sent out to underprivileged children in some of the toughest countries in the world.

The packing operation in Dronfield Parish Church Hall is part of a nationwide operation that will send Over 1 million shoeboxes packed with gifts and goodies so the neediest children in many countries round the world will have something for Christmas.

The Rotary Club of Drone Valley has a busy winter programme of talks, socials and business meetings to discuss its fund raising projects. Membership is open to anyone. To visit the club see our website: www.dronevalleyrotary.org.uk
